WHAT DO THEY MEAN

**"not being monopolized
by one man?"**

**Has only "one man" been
carrying the load?**

**Does "one man" get all the credit for the new park, the
new zoning laws, the new controls to protect our community?**

Have our other commissioners made no contributions?

Who is the "one man?"

**We are not so sure there has just been "one man", but
if so what happened to the "other men", what have they been
doing?**
